Information contained in this Environmental Assessment was taken from the environmental discipline reports prepared specifically for this project. The discipline reports are on a CD included with this Environmental Assessment. In addition, they are available from the Washington State Department of Transportation's (WSDOT) Urban Corridors Office and on its website ([www.wsdot.wa.gov](http://www.wsdot.wa.gov)).

Discipline reports are detailed, technical analyses that focus on identifying potential benefits and impacts on each environmental and community resource.
